

Nudism Group Policies and Rules of Etiquette

The Nudism Group is a social and recreational outlet for members of Prime Timers Baltimore. Our structure is very informal, and our rules and regulations are few in number. Our purpose is to make all our events as enjoyable for everyone as possible. Please be aware, though, of the basic policies that shall be observed.

1. The men who attend the Nudism Group are members of Prime Timers of Baltimore.
2. Non-members are welcome at an event as a guest at that one event. The member is to notify the host of an event of his intention to bring a guest, and must attend the event with the guest. A local area guest may attend one Nudism Group event as a guest; after that, he must pay his membership dues to Prime Timers of Baltimore before attending further events. A host may make the decision to make an event to be member-only, i.e. no guests.

Non-local members of Prime Timers from another chapter are welcome to attend an event but must contact the host of the event and observe the hosts policies regarding parking, place or places in his home or location to disrobe etc..

3. The Nudism Group is a social nudist group. We want members who enjoy nudism as a way of life. We are NOT a sex club. Any overt sexual activity during a club event, either by yourself or with and/or toward another member(s) of the club is discouraged and may result in the host requesting you to leave. Members/guests may make arrangements to meet at another location after an event. Of course, friendly hugs and kisses and embraces are always allowed.
4. Members and guests must always respect the privacy of the host and the others who attend an event. All personal information concerning members and guests shall be regarded as confidential at all times. Information identifying an event location and time is also to be regarded as confidential.
5. Members and guests are expected to show mature behavior at all Nudism Group functions. The use of alcohol at an event is discouraged. The use of illegal drugs (including marijuana) at our events is absolutely prohibited, and WILL result in the loss of membership in the Nudism Group.
6. Members attending a Nudism Group event should bring a towel on which to sit. Members are encouraged to leave valuables at home; hosts will have the responsibility to provide a safe location only for clothing to be stored during the

event. You, and a guest, may want to bring a gym bag with a lock for it if desired.

7. Nudism Group events are not intended to place a financial burden on the host or the club treasury of Prime Timers of Baltimore. Hosts will determine if refreshments are on a potluck basis or paid for by an event fee and noted in the announcement of the event.

8. No photography of any person without his express consent will be permitted at a Nudism Group event to respect personal privacy of the host and attendees. Members must inform their guests about this policy. The host of each event shall decide if photography is permitted. Announcement for each event shall indicate if photography IS or IS NOT allowed.
